

Fencing

Our fencing and trellis products are constructed using the best imported whitewoods. With heavy duty construction and being tanalised treated, this results in giving them a prolonged life

Pergola with additional trellis and decking

Sandalwood Gates & Timber Products is a family run business founded in the early 1980s to design and produce timber products for the commercial and private sector, using a mixture of traditional and modern manufacturing techniques and the very best in craftsmanship.

We are a small business and we endeavour to give our customers the best product which most suits their needs. The quality of our products is our reputation, together with our personal attention to customer's requirements.
